

# Practical Philosophy Online

The background of the slide is a stylized world map. The map is rendered in shades of blue and green, with numerous glowing yellow dots scattered across the continents, representing various locations or nodes. A network of thin, light blue lines connects these dots, suggesting a global network or digital connectivity. The overall aesthetic is futuristic and digital.

**Connecting via iPad  
May 2016**

Find and install the free app from the App Store by searching for Omnijoin

Run the App
